

Gen II Algae Prevention Liquid Tank

FEATURES

- Algae growth and contamination has always been a problem with water transport tanks. Black tanks have typically been used to overcome this problem, but because of the heat absorption of black the inherent strength of the tank was compromised making it difficult to securely fasten the tank for transport.
- The design staff at Free Form Plastics has developed an innovative new tank, which eliminates algae growth without sacrificing the tanks structural integrity. It appears to be a standard white tank but the inside is black to block UV rays.
- Gen II tanks are available in: 1250, 1400, 1500, 1750, 2000, 2500 Imp. (1500, 1680, 1800, 2100, 2400, 3000 US) Gallon. Heavy-duty vertical versions rated for liquids up to 20 lbs. per gallon. (Liquid fertilizers, etc.)
- White exterior with black interior to prevent algae growth and retain the tanks structural integrity.
- All tanks equipped with 4-loading/unloading hooks, siphon tube, vented lid and bulkhead fitting
- All tanks have UV8 protection to prevent deterioration from sunlight
- Sight tube kits available to allow product visibility. Spinweld fittings to accommodate are pre-installed
- Available in heavy-duty version only with a (5) five year warranty against defects in workmanship

(Also available in our low profile versions.)

Gen II Algae Prevention Liquid Tank

VERTICAL TANKS

CAPACITY		SPECIFICATIONS				PART NUMBERS	
IMP. GALS.	U.S. GALS.	DIA.	HIGH	LID	STANDARD FITTING	TANK VERSION	GEN II PART #
2500	3000	102"	93"	16"	3" HD	HD	1798
2000	2400	102"	78"	16"	3" HD	HD	1796
1750	2100	92"	88"	16"	2" HD	HD	1781
1500	1800	102"	60"	16"	3" HD	HD	1794
1400	1680	88"	74"	16"	2" HD	HD	1576
1250	1500	88"	68"	16"	2" HD	HD	1556

CONE TANKS 10° SLOPE

CAPACITY		SPECIFICATIONS				PART NUMBERS	
IMP. GALS.	U.S. GALS.	DIA.	HIGH	LID	STANDARD FITTING	TANK VERSION	GEN II PART #
2500	3000	102"	95"	16"	2" HD	HD	1792
2000	2400	102"	80"	16"	2" HD	HD	1790
1500	1800	102"	62"	16"	2" HD	HD	1788
1400	1680	88"	76"	16"	2" HD	HD	1612
1250	1500	88"	70"	16"	2" HD	HD	1702

LOW PROFILE TANKS

CAPACITY		SPECIFICATIONS				PART NUMBERS	
IMP. GALS.	U.S. GALS.	WIDTH	HIGH	LENGTH	LID	TANK VERSION	GEN II PART #
1350	1620	78"	53"	144"	21"	HD	2139
1950	2340	92"	62"	145"	21"	HD	2304

Low Profile Tanks - 21" manhole, extreme ribbing and domed ends to reduce liquid sloshing. No need for steel supports.
